- **Looked but haven't found it!** On this page, enter a forward slash [/] next to sources you've searched, but from which you haven't uncovered any details yet.
- **Found it!** Once you've found the evidence, add a back slash [\] to completely cross out the block [X]
- **What I found!** On the next page, enter all the details you learned from the source. (Keep in mind, every Event/Fact may have multiple sources. Likewise, every source may provide evidence for multiple Events/Facts.)
- **Where I found it!** Every event recorded on the Family Group Sheet must have one or more source Citations detailing where that info came from; remember, others need to be able to duplicate your research efforts. *TIP – to easily generate Citations, enter the phrase "Chicago style citation" into your internet browser and select a Citation Generator from the search results*
